

INGOLD SOLUTIONS GMBH

Cryptographic Control Policy

(Ref No: - ISMS/IS/5.2/4)

Most of the core business digital applications and online infrastructure services that **INGOLD SOLUTIONS GMBH** uses are from globally renowned service providers such as Amazon, Microsoft, Google, Zoho, Freshworks, Go Daddy among host of others. All these have a well-defined cryptographic / encryption policy at different layers & levels which substantially prevents leakage of confidential information even in case of possible vulnerability.
